

**The Most Popular Pharmacy Specific
Job Board on the Internet**

CAREER SOLUTIONS

Since 1999, Rx Career Center has brought together top pharmacy employers and job candidates seeking new career opportunities. Our registered database of pharmacy professionals is the largest in North America and we have opportunities in a variety of settings which include retail, hospital, clinical, and industry positions.

**Whether you are a candidate seeking your dream job
or an employer looking for that perfect candidate,
give yourself peace of mind and start using Rx Career Center today!**

Benefits for Employers

- Most popular destination on the internet for pharmacy jobs
- Industry leader since 1999
- Brand advertising opportunities
- Search engine optimization for all job postings
- Attract and HIRE quality candidates from one location
- Pharmacy network that includes both active and passive job seekers
- Job postings cross-posted to Indeed, Google, Jobster, Simply Hired, Lycos and other job boards (when available)

We consider RxCareerCenter.com our most affordable public recruitment tool. The staff at Rx Career Center are flexible and quick to meet our changing needs. It's not just one of those websites that give you a place to post an ad, it's like hiring a recruiting firm.

THE PHARMACY NETWORK USER BASE

Rx Career Center's network database of pharmacy professionals includes all occupational categories from retail staff pharmacists to hospital pharmacy directors. Our network of web sites is the most popular in the retail industry and we have demonstrated impressive annual growth since inception in 1999.

Specializing in Pharmacy Professionals

Reaching the Entire Industry***

Site Statistics*

320,000 Registered Web Site Users

231,000 Monthly Newsletter Subscribers

156,000 Continuing Education Enrollments

365,000 Unique Web Site Visitors**

170,000
www.pharmacychoice.com
152,000
www.rxcareercenter.com
43,000
www.rxschool.com

Reach between 80,000 - 125,000 pharmacy professionals directly with our email programs!

The Pharmacy Network

The Pharmacy on-line network consists of three primary web portals - PharmacyChoice.com, RxSchool.com and RxCareerCenter.com. Each of these portals serves a specific purpose while leveraging the marketing power of the others. Combined, these portals are the most visited web sites in the pharmacy industry.

*Data is current as of June 17, 2009 and includes all 3 primary web portals. Exact number depends on opt-in users for specific programs.

**Unique visitors are specific to a 90 day time frame (3/17/09-6/17/09).

***Pharmacist profiles may include multiple practice settings.
